DESCRIPTION OF SERVICES

Alcoholics Anonymous is a fellowship of men and women who share their experience, strength and hope with each other to solve their common problem and to help others to recover from alcoholism.

The only requirement for membership is the desire to stop drinking. There are no dues or fees for AA membership; they are self-supporting through their own contributions. AA is not allied with any sect, denomination, politics, organization or institution; does not wish to engage in any controversy, neither endorses nor opposes any causes.

The primary purpose is to stay sober and help other alcoholics to achieve sobriety.

DESCRIPTION OF SERVICES

Community-Based Program – Matches children between the ages of six and sixteen from primarily single parent families to professionally screened adult volunteers. The volunteers serve as friends and role models, helping children gain greater self-confidence. The volunteers and children do simple things together such as playing catch or baking cookies - becoming friends. Volunteer screening includes an interview, a reference check, training and a home visit. The child intake includes a parent and child interview and a school inquiry. The case management staff supports and supervises matches.

School-Based Program – Matches elementary school students to professionally volunteers. The volunteers serve as friends and role models, helping the students gain greater self-confidence. A partnership is developed with a local business. The employees spend one lunch hour per week with a student at school helping with class work, playing a board game and getting to know each other. Volunteer screening includes an interview, a reference check and training. The student intake includes parent permission, a teacher referral and a student interview. The case management staff supports and supervises matches. Currently there are school-based programs in Green Street, Andover-Morris and White Township Schools.

DESCRIPTION OF SERVICES

The Division of Youth and Family Services (DYFS) is New Jersey's child protection and child welfare agency within the Department of Children and Families. Its mission is to ensure the safety, permanency and well-being of children and to support families. DYFS is responsible for investigating allegations of child abuse and neglect and, if necessary, arranging for the child's protection and the family's treatment. The Child Abuse Hotline (State Central Registry) receives all reports of child abuse and neglect 24-hours a day, 7-days a week. Reports requiring a field response are forwarded to the DYFS Local Office who investigates. After normal business hours, the hotline is linked with a statewide network of Special Response Units charged with the responsibility of responding to reports. DYFS contracts with many community-based agencies throughout the state to provide services to children and families. Such services include counseling, parenting skills classes, substance abuse treatment, in-home services, foster care and residential placement. If a child has been harmed or is at risk of harm, DYFS may ask the county family court to place the child in foster care. Foster homes are provided by caring individuals who have completed an extensive licensing program. If the family court determines a child cannot be safely returned home from foster care, DYFS will begin adoption planning. DYFS also operates three Residential Treatment Centers for youth with intensive behavioral health needs.

DESCRIPTION OF SERVICES

The Division of Administration is responsible for centralizing programmatic, fiscal, personnel and administrative functions for the entire Department. The Division strives to coordinate and enhance the efficiency and effectiveness of the Department’s operating structure. This is accomplished by improving internal operations, enhancing service coordination, strengthening administrative processes, and maximizing resources.

This Division is charged with awarding contracts for county, state or federal funds to human and social service providers through a competitive bidding process. Each year, over $4 million is allocated to a variety of community-based programs serving the most needy and vulnerable Warren County residents. Examples of programs include substance abuse treatment, education and prevention programs, mental health treatment programs, human service programs, transportation and youth service programs. Residents of all ages are served.

Volunteer advisory boards, councils and committees provide a way for the public to participate in the county’s decision making process on important human and social service programs. Advisory group members are comprised of community residents, family members, consumer advocates, public and private organizations. Within the Division of Administration, the following advisory groups are represented: the Warren County Human Services Advisory Council (HSAC), Mental Health Board (MHB), Local Advisory Committee on Alcoholism and Drug Abuse (LACA/DA), Youth Services Coordinating Council (YSCC) and the Transportation Advisory Council (TAC).

DESCRIPTION OF SERVICES

The Division of Senior Services plans and coordinates services for older residents of Warren County. The Division administers county, state and federal funds to facilitate a locally coordinated and responsive service system for older adults and physically disabled adults. The Senior Voice newsletter is published quarterly. Many services are provided free to residents age 60 and older, however, some services have a cost share. The Division also administers the Adult Protective Services for Warren County.

Care Coordination; information and assistance; assist with PAAD, Lifeline, homestead rebates, Medicare/medical insurance claims, tax counseling, money management, heating/cooling applications and referral and coordination of services. Outreach, presentations and speaking engagements are regularly available. Comprehensive in-home assessments are available to all seniors to determine needs and care options available.

The Chore Corps is a program where volunteers from Warren County help homeowners age 60 years + with major repairs and maintenance. The cost of supplies is the responsibility of the homeowners; donations, while not required, are accepted by the Division, not the volunteers. Types of problems addressed are: repair/installation of door locks, install/remove window screens and storms, fix leaky faucets and more.

Personal Assistance Services Program (PASP) gives adults with physical disabilities opportunities to work, attend school or vocational training and live independently in the community. Personal assistants help individuals with tasks such as light housekeeping, bathing, dressing, meal preparation, shopping, correspondence, mobility, driving and/or use public transportation.

DESCRIPTION OF SERVICES

Services include intensive outpatient program for adults and adolescents. Counselors and clients work together to design a program that is tailored to their individual needs; adjusts to their changing needs over time with an initial focus on intense counseling and moving toward adjustment to sober lifestyle and relapse prevention; includes services for family members who play a vital role in continuing care.

Warren Hospital’s Counseling and Addiction Services is dedicated to helping individuals and families with all aspects of the pain caused by substance abuse. Family members, the courts or self-referral are the most common ways clients enter the program. School counselors are another source of referral for adolescent clients.

Trained addictions counselors are available 24 hours a day to talk to anyone seeking help for alcohol and drug problem - either their own or a family member’s. All calls are confidential.
