Warren County Seeks Donations of Protective Supplies

(WHITE TOWNSHIP, NJ – March 21, 2020) – Warren County government is asking businesses to donate supplies needed by area health care facilities due to COVID-19.

“More than ever, we must do all that we can to protect our healthcare professionals who are putting themselves at risk to care for those affected by COVID-19,” said Freeholder James R. Kern III, health and public safety liaison.

Personal protective items being sought are:

- Surgical Masks
- N95 Respirators
- Disposable Gowns
- Disposable Face Shields
- Eye protectors
- Nitrile Gloves
- Latex Gloves
- Antiseptic Wipes
- HEPA Filters / Air Scrubbers

Businesses such as nail salons, barber shops and hair salons, dental offices, and any other business that can supply these products – particularly ones that are closed temporarily – could help fight the shortage of these items by donating them now.

Contact Warren County Office of Emergency Management at 908-835-2047 to arrange a donation of these supplies. Drop off hours are 8am-4pm Monday through Friday. Please call to make an appointment before coming.

Businesses should “donate, but don’t deplete” their supplies, County Administrator Alex Lazorisak said, as the County wants businesses to be able to reopen when the time comes.
