Warren County Seeking Medical Professionals to Help with COVID-19 Vaccinations

(WHITE TWP, NJ, January 12, 2021) – Warren County government is seeking doctors, dentists and other medical professionals to volunteer with the county’s effort to vaccinate against the COVID-19 virus.

“We are calling on all medical professionals with the ability to vaccinate to sign up to help Warren County,” said Board of County Commissioners Director James R. Kern III.

“Based on the recent news pertaining to vaccine guidance, we believe there will be a significant surge in requests in the next few days. We need all hands on deck to help vaccinate our community and finally defeat this pandemic,” Kern added.

Medical professionals who are willing to donate some time to the effort are asked to contact Dennis Riley, Deputy Director of Public Safety, via email at driley@co.warren.nj.us.
