

USDA to Provide \$1 Billion in Loan Guarantees for Rural Businesses and Ag Producers

WASHINGTON, D.C., May 21, 2020 – U.S. Secretary of Agriculture Sonny Perdue today announced that the Department is making available up to \$1 billion in loan guarantees to help rural businesses meet their working capital needs during the coronavirus pandemic. Additionally, agricultural producers that are not eligible for USDA Farm Service Agency loans may receive funding under USDA [Business & Industry \(B&I\) CARES Act Program](#) provisions included in the [Coronavirus Aid, Relief, and Economic Security \(CARES\) Act](#).

In addition to expanding eligibility to certain agricultural producers, the changes Secretary Perdue announced today allow USDA to:

- Provide 90 percent guarantees on B&I CARES Act Program loans;
- Set the application and guarantee fee at two percent of the loan;
- Accept appraisals completed within two years of the loan application date;
- Not require discounting of collateral for working capital loans, and
- Extend the maximum term for working capital loans to 10 years.

B&I CARES Act Program loans must be used as working capital to prevent, prepare for or respond to the effects of the coronavirus pandemic. The loans may be used only to support rural businesses, including agricultural producers, that were in operation on Feb. 15, 2020.

USDA intends to consider applications in the order they are received. However, the Department may assign priority points to projects if the demand for funds exceeds availability.

USDA announced the expanded B&I CARES Act Program authorities in a notice published in the May 21 Federal Register (PDF, 217 KB). Program funding expires Sept. 30, 2021.

Eligible applicants may contact their local USDA Rural Development [State Office](#) in the state where the project is located.

USDA is developing application guides for lenders and borrowers on the B&I CARES Act Program. The Agency also will host two webinars to provide an overview of program requirements.
