### DESCRIPTION OF SERVICES

Community Rehabilitation Program (CPR) which provides vocational rehabilitation services to persons who are physically, emotionally and/or mentally disabled. Pre-vocational evaluation, work adjustment training, center-based employment, supported employment and job placement services. Transportation is provided. Population served has been expanded to include welfare recipients and transitioning (school-to-work) high school students.

Other center-based services include adult day training services for eligible developmentally disabled adults. Included in this are programs serving medically frail and behaviorally- involved consumers.

Program services are person-centered, consumer driven. CARF accredited.
